

Swimming and Water Polo

Water Polo Team

Before we sailed for the Far East leg of our commission our team won the Portsmouth Command Water Polo League. We went through the competition without losing a game. Five of our players were selected to play for the Command in the Inter-Command competition. They were P.O. (A) Hayes (Capt.), E.A. Blanden, L.S. Graham, L.S. Shaw and N.A. Gillard, and Portsmouth won the cup.

On our arrival in the Far East we played the *Triumph* which up to then were the best team out there and beat them 6-1. Then we entered the *Moth* cup and won the finals beating Forth 8-3.

Two of our players were selected to represent the Navy in the Inter-Services. P.O. Hayes, as Captain, and N.A. Gillard. L./Cpl. Clay was picked to play for the Army. The Navy beat the Army but lost to the R.A.F.

Whilst in Sydney we played four games. Two against the R.A.N., winning both games 13-2 and 10-0, and the others against the Granville S.C. which resulted in success for them, 9-4 and 5-4.

The Western Australia side awaited our arrival in Perth with great anticipation. They had heard that we played very well in Sydney so they put out their best team and we went down fighting and lost 11-2. When you consider they beat Singapore 18-2 two weeks before and Singapore

went on to get a silver medal at the Asian Games, this was quite an achievement.

In Hong Kong we played two games, winning against the Y.M.C.A. and losing to the Police.

Three of our swimmers swam in the Inter-Services in Singapore, P.O. Hayes, who won the 220 and 440 free-style and N.A. Gillard, who won the 100 butterfly and individual medley for the Navy. L./Cpl. Clay won the 100 metres free-style for the Army.

Our team for these sports were:-P.O. Hayes, L./Cpl. Clay, N.A. Gillard, P.O. Semke, L.S. Graham, L.S. Shaw, N.A. Wiles, O.S. Davies, L.S.A. Morris, S./Lt. Hibbett, E.A. Blanden.

Judo-The "Easy Way"

The bigger they come . . . !!!

Easy, isn't it ?

To those who play judo the search for the "easy way" to throw an opponent, hold him down or make him submit to a lock or strangle is the constant endeavour. Truly, it is there to be found but, as most beginners discover, the path to be travelled can be a rather hard and bumpy one!

The formation of a judo club on board began with two of the ship's company who had been playing the sport for some time. Progress was very slow in the early months because of the shortage of suitable mats and, ridiculous as it may seem on a ship of this size, lack of space to practise.

During our visit to Australia we payed visits to several civilian clubs and these gave us an extra incentive but it was the "acquisition" of material from which to make our own mats that finally produced the "going concern" that the club now is.

Although it is reported that several higher grade judoka are present on board it was Barry Blyth, 2nd Kyu, who founded the club and became its "leading light". With Ken Higgs and "Scouse" Impett, both 4th Kyu, as other regular practising members, quite a few beginners have been attracted to the sport and now there are always upwards of half-a-dozen judoka to be seen playing judo on practice sessions in "A" hangar.

High lights of the commission so far have been a grading examination carried out by Cpl. P.T.I. Cummings, Ist Dan, of G.H.Q. Tangling, Royal Marine Commando, at which three members were given their first grade of 6th Kyu.

In Kowloon, Mr. Iwami, 4th Dan and three times Japanese champion, gave us some excellent instruction and hospitality at his newly opened Hong Kong Judo Club. Our next visit to the New Territories area will certainly see us back at this club again.

Singapore city's Y.M.C.A. run a club and several visits have been made there also.

By the time this commission is complete we shall all be richer for the wider and more varied opposition and instruction we have met and received from our different ports of call and to those of us who knew the sport of judo at the commencement will belong the satisfaction of knowing we have introduced others to the pleasures of the search for the "easy way".

Soccer

Our "Club" started off with a good name and started the initial part of the commission with 12 successive wins in Portsmouth Services.

The 1st XI players required from the many volunteers and trialists took two weeks to sort out; 360 players were watched and the final group of 16 selected. This of course left us with a good 2nd, 3rd and 4th XI, all good players striving hard to get into the 1st XI.

As a "Club" we had the facilities to hold Club meetings at least once a week and "talk soccer" which without a doubt had a great influence on the team and supporters.

The first test of strength was against R.N. Malta, they had not been beaten by any R.N. ship before. This indeed was a trial of fitness and strength in the hot afternoon of the Maltese Summer. A small gathering of supporters cheered our team hoarse and took the news back aboard "Vic had won 2-1" and a great winning goal by E.M. Quinn.

The build-up for Singapore then began in earnest and the first match for the Berthon Cup against *Triumph*, the Cup holders. At least 500 ship's

Soccer Team

company supporters hailed *Victorious* with song and cheer to another victory of 4-1 and a promise of better games to come.

Naturally we had our downs as well as the ups and lost two games before going to Hong Kong to beat the Army Select 8-1. Lost narrowly to a professional team in Australia 3-1, but were not disgraced and our team was recommended for their play.

Returning to Singapore in monsoon time put paid to any good games and a defeat by *Mull of Kintyre* in the China Shield match, 3-2, really demoralised the team. That little bit of luck that every team needs just went to the *Mull*. However, the sad hearts and glum faces only lasted a few days, then Hong Kong again to play the Hong Kong Football Club at the stadium. Inspired by the presence of the Captain and Commander, who are keen supporters, we became the first R.N. ship to beat them; the score 5-3. Names and games are many and various. Outstanding players? We have eleven of them each time they turn out. Bob Kingsbury, the team Captain, always coaxing the lads for more effort; Pat Quinn and his dazzling runs; we can easily mention each individual but all have done so well to keep the good name bright in soccer circles.

Games are being arranged with Chinese clubs on return to Singapore and Hong Kong and we will again give our best.

The 2nd XI have done equally as well and only lost two matches. Providing players in emergency for the 1st XI has sometimes depleted them prior to a game but still they have shown a good effort.

A word in this Soccer Press for the Seamen's team which won the *Victorious* Interpart, a good example of work and play hard and by sheer effort went on to win. "Spic Vics" will long be remembered in the East.
